2018 Folk School Classes

Painting

Instructor/Artist: Donna Kieffer

I believe everyone is an artist at heart. This painting class will get you in touch with your creative side. I will offer a step by step guide to painting with acrylics in your own unique style. For starters we will paint a sunflower on a 16x20 canvas. Then, there will be several other choices of different size canvases or wood pieces that you can paint what you want. Please bring your own ideas for painting or "Pinterest" type art. I will also have several different ideas to choose from. Everything will be provided, paint, brushes, easels, rags, aprons etc. But of course feel free to bring your own supplies. Wear old clothes you don't mind getting paint on.

Photography

Instructor/Artist: Tom Wilson

Nature and wildlife photographer will help you to see and create better photographs. Topics will include cameras, lenses, filters, tripod, importance of light, natural light, flash, composition, designing a photograph and a very basic introduction to post processing. We will do classroom work as well as at least one field trip to practice the skills we have learned and see some of the beautiful places in the vicinity of Folk School.

What you should bring: camera, memory cards, extra batteries, lenses, polarizing filter, tripod, flash, remote release cord, laptop computer with post processing software if you have it. You may not own all of these items, that's okay, bring what you have, and the course will probably help you to understand what items you need to add to your kit and why.

Our field trip will only include a short hike but it is always important to dress appropriately for the outdoors especially when in the mountains. I would recommend the following: hiking or walking shoes with good socks, good pants for being in the outdoors such as zip off hiking pants, a hat, rain gear, a jacket and warm clothing appropriate to the weather forecast, water bottle, light snack (e.g. Granola Bars) and any other items you generally carry with you in the outdoors especially emergency items for any medical conditions you may have that need to be with you.

Soap Making

Instructor/Artist: Lenea Martel

Will learn how to make soap and bath products. Be ready to get your hands dirty and soapy! As a group, we will make a couple batches of hot process soap and we will make a cold process salt/spa bar. This bar is full of Himalayan pink sea salt and coconut oil. We'll also make some other goodies that could include: sugar scrub, bath fizzies, shower steamers, bath salts, lip balm, and maybe some other surprises. You'll be able to add the scent(s) of your choice to many of the products. All participants will go home with the products that we make. If you took Lenea's class in the past, there might be some repeat (how to make soap), but the other parts will feature different recipes and techniques.
